smart

hp LaserJet 1300 smart print cartridge

Designed specifically for the printer, the HP LaserJet 1300 smart print cartridge provides crisp, sharp results to meet your need for reliable day-to-day printing of a variety of monochrome documents. Professional print quality is combined with fast, consistent performance, dependability and an easy-to-use design for cost-effective, high-volume laser printing. HP's advanced toner formulation further enhances results, and HP smart printing technology enables efficient supplies management.

consistently high print quality
HP's advanced toner formulation and improved technology for accurate placement and control of toner particles provide extra sharp black text and smooth greyscales, delivering optimal results every time you print. Consistent print quality is further ensured by HP smart printing technology, which allows for automatic adjustments to the electro-photographic system, ensuring consistent toner particle distribution throughout the life of the cartridge.

ease-of-use and maintenance
HP smart printing technology allows HP supplies status and usage information to be constantly monitored and communicated through the printer's control panel or standard web browser. Alerts can be sent to dedicated users and administrators when supplies need replacing. A convenient all-in-one cartridge design allows for efficient use, enabling effortless installation and maintenance.

reliable performance
Precise matching of HP print cartridge design, toner and printing process components guarantees a consistently reliable performance and time saving operations, underpinned by rigorous quality testing and HP warranty.

business-ready output
An instant-on fuser enables fast first page out with no warm-up delay, ensuring the first page is printed in under 10 seconds.

highly cost-effective printing
With an average output of 2,500 or 4,000 pages plus a package of innovative features, combined with HP's renowned reliability, the HP LaserJet 1300 smart print cartridge offers a competitive standard cost-per-page and overall low cost-of-ownership.

features	benefits
• print cartridge and printer series designed together to work together	• 100% compatibility for the best possible results
• accurate placement and control of toner particles	• extra sharp black text and smooth greyscales
• all-in-one cartridge design	• easy and fast installation and replacement • reliable operations
• smart printing technology	• optimized output quality • maximised printer uptime and productivity • simplified supplies management
• instant-on fuser	• first page out in under 10 seconds
• average output of 2,500 with the standard or 4,000 pages with the maximum capacity cartridge at 5% coverage	• cost effective printing
